

Please join the **Boyle Heights Historical Society** for a special film presentation "**East LA Marine**" – an amazing documentary about our own hometown hero - **Guy Gabaldon**. This year the Boyle Heights Historical Society's Annual History Day event will include a tribute display of photos from our World War II veterans who came from Boyle Heights.

It is an honor to pay tribute to the "**Greatest Generation of Boyle Heights**".

We start this tribute by gathering together with our WWII veterans of Boyle Heights and their families. We are also very honored to have the film introduced at this special showing by the producer, Steve Jay Rubin.
